OneDrive: How to Install Microsoft OneDrive on an Android Device

How to install Microsoft OneDrive on an Android device.

1. Visit the Google Play Store, find the OneDrive app and install the app.
2. Enter your WSU Email address (younetworkid@wsu.edu).

3. It will take you to WSU's Sign In Page. Sign in with your Network ID and Password.
4. After that, OneDrive will open and give you the options to view your files.
