Zoom - How do I Update to the Latest Version of Zoom?

**Issue:**
I need to check what version of Zoom I am using, or I need to update the Zoom application on my computer.

*Note: If after following the steps below, you receive a message saying 'Updates are disabled, please contact your administrator' or anything similar, please contact your Desktop Support (Departmental/Local IT). They will need to push out the updated version of Zoom to your computer.*

**Solution:**
Please refer to the following Zoom support article:
