

WordPress - How to Reorder Your Menu in Your Labs Site

Wordpress: How to reorder your menu in your labs site

A quick tutorial on how to reorder your menu on your WSU Labs website

1. Go to your **Dashboard**
2. Click on the option for **Appearance**
3. Click on **Customize**
4. Go to the option for **Menu**
5. Choose the option for **Menu Location**
6. Drag the options up and down to the spot that you would like
7. Click the **Save & Publish** button at the top
