

WordPress - How to Request Lab Sites

Wordpress: How To Request Labs Sites

A quick tutorial on how to request for a WSU Labs website for yourself (Note: These are currently only for Faculty)

1. Go to Labs.wsu.edu
2. In the menu area to the left of the page, click the option for **register**
3. Fill out the information
4. Click **Submit**
5. Await an email that will tell you when your site is ready
