Non-WSU Canvas Login Information

Background

• Some courses (like Continuing Education ones) allow for Outside Users to login to our Canvas Instance for their class, this article explains how they login.

Issue/Problem

• Non-WSU User with Personal Email Address is supposed to login to Canvas for a course

Solution

Answer for user:

If you have a non-WSU email address, you will log in at https://wsu.instructure.com/login/canvas using the following credentials:

• Email: your full email address
• Password: first initial+last name+noncredit

For example, if your name was Robert Smith, email address of bobsmith@test.com, your email and password would be:

• Email: bobsmith@test.com
• Password: rsmithnoncredit
