How Incompletes Function in Canvas?

**Issue:**
How do I adjust the availability of my course to allow a student to finish an incomplete?

**Solution:**
Instructors requesting to extend course availability for select students to finish an incomplete should contact crimsonservicedesk@wsu.edu.

Please note - For Fall 2021, course dates can be changed within Canvas. Please do not adjust these course dates to resolve an incomplete as this will open the course for all students, not just the students needing to finish the incomplete.
