MyWSU - How to Set Up Third Party Access for Friend IDs (FID)

MyWSU: How to Set Up Third Party Access for Friend ID (FID)

How to set up a Friend ID and grant third party access.

Access to student information is controlled by the student. In order for a non-WSU person to access a student's information, the student needs to give that person access to their account by creating a Friend ID or FID. A Friend ID or FID is based on the third party's personal email address. The third party will receive an email that they need to use to activate and set a permanent password. Once this is done, the third party can login and view the personal information that was shared with them, as well as make payments on the student's account. To provide this permission, the student needs to follow the directions below to create a friend account and/or give an existing friend ID the requested permissions.

The Student sharing their information must use their WSU Network ID and password to log on to their MyWSU student portal and complete the steps described below:

Go to my.wsu.edu and sign in with your Network ID and password.

On the Student Homepage, click the Profile tile.

On the left, click Third Party Access

Under the section for WSU Students click Share My Information

Authorized third parties use the WSU Students

You may authorize a third party access at any time.
Share My Information

On the next page you put in Your Parent or Other Third Party's Email Address (make sure you spell it correctly, all lowercase letters, with no extra spaces, even at the beginning or end of the address) and select No, create a new Third Party Access Account, then click Continue
New Third Party Access

Does your third party have a WSU Friend ID (FID)?

Yes, or not sure

Enter the Third Party FID (email address) and click Continue, then select the information you wish to share.

Third Party’s Email Address

(A Friend ID uses a person’s email address)

No, create a new Third Party Access account

Continue

--------------------------------------

Put in an Authorization Code - this is a word your Third Party Access Person can use as a password to talk on the PHONE with different departments.

And under each section you wish to grant you access to, select Grant All
Expiration

Access Expires: 07/15/2025

Grant all access: Off

Access to Records by Telephone, Email or In-Person

If you are establishing access for a new 3rd party, you are required to assign an authorization code. If you are making changes to the existing code, please type the OLD code below:

*Authorization Code: PHONEACCESS (6 to 15 letters)

Access

Grant All My Academics Items Below
