

EECS - Available SSH servers

This article lists the currently available EECS SSH servers.

Publicly available servers (CentOS 7)

Remote Connection

For info about connecting remotely via SSH to these servers, see: [VCEA - Remote Connection](#)

X2Go will only connect with the SIG servers. You will need to use NoMachine to connect to the SSH servers.

- `sig1.eecs.wsu.edu`
- `sig2.eecs.wsu.edu`
- `sig3.eecs.wsu.edu`
- `sig4.eecs.wsu.edu`

"On-campus and equivalent networks" restricted servers (CentOS 6)

On Campus or Equivalent Networks

For info about prerequisites for connecting to these servers, see [this KB article](#).

NoMachine Remote Connection

For info about connecting remotely via GUI to these servers, see: [EECS - Use NoMachine \(NX Client\) to connect to CentOS 6 servers](#)

NoMachine will only connect with the SSH servers. You will need to use X2Go to connect to the SIG servers.

- `ssh1.eecs.wsu.edu`
- `ssh2.eecs.wsu.edu`
- `ssh3.eecs.wsu.edu`
- `ssh4.eecs.wsu.edu`
